Christ Church C.E, Lark Hill Primary and Lewis Street Schools are committed to supporting young carers to access education. This policy aims to ensure young carers at Christ Church C.E, Lark Hill and Lewis Street Primary Schools are identified and offered appropriate support to access the education to which they are entitled.

Definition

A young carer is a child or young person who is helping to look after someone at home. Most are caring for a parent, commonly in a single parent family, but some may be taking responsibility for a sibling, grandparent or other relative. In some instances, a young carer may care for more than one family member.

The person they look after will have one or more of:

- Physical disability (including sensory disability)
- Learning disability
- Mental health problem
- Chronic illness
- Substance misuse problem

Caring Tasks

A young carer will take on additional responsibilities to those appropriate to their age and development. A young carer might be providing the main care or share responsibilities with another family member. The caring tasks that a young carer has to deal with can range from:

Nursing care - giving medication, injections, changing dressings, assisting with mobility etc.

Personal intimate care - washing, dressing, feeding and helping with toilet requirements

Emotional care - being compliant, monitoring the emotional state of the person cared for, listening, being a shoulder to cry on, supporting a parent through depression and trying to cheer them up.

Domestic care - doing a substantial amount of housework, cooking, shopping, cleaning, laundry etc.

Financial care - running the household, bill paying, benefit collection etc.

Child care - taking responsibility for younger siblings in addition to their other caring responsibilities.

Possible effect on Education

Christ Church C.E, Lark Hill and Lewis Street Primary Schools acknowledge that there are likely to be young carers among their pupils, and that being a young carer can have an adverse effect on a young person's education

Because of their responsibilities at home, a young carer might experience:

- Being late or absent due to responsibilities at home
- Concentration problems, anxiety or worry in school
- Emotional distress
- Tiredness in school
- Lack of time for homework
- Poor attainment
- Physical problems such as back pain from lifting
- False signs of maturity, because of assuming adult roles
- Behavioural problems (taking out their anger or frustration)
- Lack of time for extra-curricular activities
- Isolation, embarrassed to take friends home
- Limited social skills
- Bullying
- Feeling that no one understands and that no support is available
- Low self esteem

It also might be difficult to engage their parents (due to fears about child being taken into care, fears about their condition being misunderstood or their parenting skills being called into question). They may be unable to attend parents' evenings.
