

Sport Premium Impact Statement 2021/22

Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6. This applies to both mainstream and non-mainstream settings. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport we offer.

This means that the premium should be used to:

- Develop or add to the PE and sport activities that our school already offers.
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

There are 5 key indicators that schools should expect to see improvement across:

- The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
- The profile of PE and sport is raised across the school as a tool for whole-school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

Our School Strategy

In 2021-22, Lark Hill Community Primary School received £19767 in instalments over the year of PE and Sports Premium funding. We carried over a total £3241.30.

This money will be put to use to ensure that we see an improvement in the 5 key indicators outlined above, furthermore, we hope to expand on our current offer of Physical Education and Activities to further embed PE as an essential part of school life.

Impact Statement

- Lark Hill achieved the gold standard for PE with School Games highlighting the positive impact that the Sports premium has on the depth and quality of the PE curriculum.
- All children Accessed 2 hours of High quality PE throughout the school year. Lessons were observed by either SLT or Andrew Quigley to ensure that the good standard was maintained.
- 25 inter school competitions were attended throughout the year. Thus is an improvement on the previous year and was aided by the use we will aim to use the sports premium to increase the amount of meaningful competition in the next academic year.
- 686 children attended extra-curricular sports clubs throughout the school year. We will aim to continue to provide a broad variety of extra-curricular activities next year.
